

INSULATED GOLF SIMULATOR OUTBUILDINGS

FROM THE UK TO THE USA

Golf Sim Rooms has redefined the at-home golf simulator experience in the UK, setting industry-leading standards with insulated, modular buildings that can be installed in just days. With huge demand from US golfers and viral success online, we've now taken the leap across the pond.

Our US manufacturing partners and nationwide network of trained installers are ready to bring the same proven quality and innovation to golfers in America.
